DR. SUKHWANT & VINITA BHATIA

Seek Partner's Int'l, India

The second wave of COVID-19 hit India in April 2021. The new campus of NIITS was ready for reopening on April 6, but had to stay closed until the end of April. Additionally, 25% of their staff was under home-quarantine after testing positive for the virus.

"The Lord could have spared us, but I guess He wanted us to have this experience also! Sukhwant and I got added to the grim data of India's COVID crisis that you must have heard about! We tested COVID positive with what we thought were just very mild allergy symptoms. The day after we tested positive, we both started getting sick and then it was 100+ fever for 10 days, flu like symptoms, and loss of taste and smell. Thankfully, our lungs were not impacted by the virus. Everyone was concerned about Sukh since he is diabetic on insulin, a cancer survivor, and functioning with 1/4 of his thyroid."

Mubarak Masih, one of the most gifted and promising 2020 graduates of NIITS (North India Institute of Theological Studies), fell victim to COVID at the age of 23. The lack of oxygen for 3 days in a small town clinic in Punjab affected his brain severely and he died 4 days later on May 13, 2021 in an Amritsar hospital.

PRAYER REQUESTS: Funds to start the next academic year of NIITS on July 22, resume the church planting work, and expand the Mercy Project to help more vocational Christian families affected by COVID pandemic.
