

"...Holding forth  
the Word of Life."

Phil. 2:16

December 19, 2015

Gabriel Lopez was removed from Valley Bible Church employment by the elders in March 2015. His removal was not due to the present circumstances surrounding his arrest and the ongoing investigation by the Contra Costa Sheriff's Department.

In September 2015, VBC leadership was made aware of an investigation into allegations against Gabriel Lopez. We have and will continue to fully cooperate with the investigators during this ongoing process.

If you are aware of anything that would aid in this investigation, please contact the Contra Costa Sheriff's Department. If you have any questions, you may contact Ron Hughes, our Church Administrator.

We ask that you would join us in praying for all of those affected by these circumstances and for our church during this investigation.
